

Kimball, Tirey & St. John LLP

Message from Ted Kimball, Pat Tirey and Wendy St. John

May 2020

Dear Clients, Friends and Colleagues,

We hope that you, your management teams and families are safe and healthy. As we continue to navigate and adapt to the effect COVID-19 has on our daily legal challenges, it's important to remember there will be an end to this pandemic and we will all return to a new normal. In the meantime, we are providing regular COVID-19 legal updates on court and Sheriff closures, and eviction moratoria on our website at www.kts-law.com. We are grateful that all of our attorneys, staff and collectors are working remotely and are available to assist you with your legal questions, new and current matters, case reviews, repayment agreements and hardship packages.

As you may be aware, the Governor's emergency "stay-at-home" orders have had a particularly dramatic impact on our courts - with most courthouses closed to all non-emergency filings and in-person business. With no road map to follow, state and local courts are working hard to develop and implement new practices and procedures that will allow the safe resumption of civil legal matters. In that regard, we are pleased to announce that KTS Partners Rebecca Fortune and Patricia Coyne have been invited to join a Civil Working Group comprised of a small group of the best and brightest attorneys to work with the judicial leadership in this endeavor. We will keep you apprised of the court re-open dates and revised procedures in the coming weeks.

We want to express our deepest appreciation and thanks to all essential workers, health care providers and first response teams who are saving lives daily and guiding us through the pandemic to better times ahead.
